Data source used in this analysis:

American Community Survey 5 year estimates for 2010 and 2015 were used in this report. Note that data are based on *estimates* from the American Fact Finder survey. Margins of error are not readily available but can be calculated as needed for this custom geography.

Census 2000 Summary files were referenced for 2000 data.

500 Cities: Local Data for Better Health, from the CDC, Robert Wood Johnson Foundation and the CDC Foundation. <https://www.cdc.gov/500cities/>

American Fact Finder tables referenced in this report include: B01001, B03002, B08201, B11001, B15001, B17001, B25041, B25063, S2301, S2401 S2501, S2504, S2506.

www.Factfinder.census.gov

Where there is insufficient data it is reported as NA.

Geography used in this analysis:

Census tract: 158 was used to define the geographic area for the Clarke Square neighborhood in this report, after discussions with Clarke Square Neighborhood Initiative staff.

Introduction and Background

This report was prepared by DATA YOU CAN USE, INC, with the support of the Zilber Family Foundation.

The framework is based on input and advice from community organizers working in the neighborhoods supported by Milwaukee's Community Development Block Grant (CDBG) program. In partnership with the Nonprofit Center of Milwaukee, nine Neighborhood Strategic Planning (NSP) areas participated in the design and development of this template. Partners met to describe the data they wanted – data that would be useful to them in their planning, organizing, and fund development work. They also helped guide the format.

This *is* “data you can use” they concluded. It can be used with their staff, their partners, their funders, their elected officials and the residents of their neighborhoods. It can be used to supplement and support the stories and anecdotes of residents, to build a case for needed resources, and to identify more questions.

The process was replicated and refined for three neighborhoods participating in the Building Neighborhood Capacity Program (BNCP) and additional specialized data requests were added. In February of 2017, organizations representing the Zilber Neighborhood Initiative reviewed the templates, refined their geographic boundaries and requested additional specialized data. This report is a product of that process and after review by the neighborhood organization it will be posted on our website, DataYouCanUse.org.

Plans are underway to expand this effort to additional neighborhoods and to explore how the data can be made interactive. There is also an identified “wish list” for additional data that would help organizers and residents plan their strategies and tell their story. The content and format are better because of the input of the neighborhood organizers and residents who contributed. We welcome your feedback.

Thank you.

Table 1: Population by Race

68% of Clarke Square residents are Hispanic or Latino compared to 18% citywide.

Population by Race	Clarke Square		City of Milwaukee	
	Count	Share	Count	Share
Population	2,890		599,498	
White alone	440	15.2%	217,679	36.3%

55 to 64 years	42	3.5%	11,999	7.2%
65 to 74 years	43	3.5%	3,891	2.3%
75 years and over	0	0.0%	3,621	2.2%

Data Source: 2015 American Community Survey Estimates, US Census Bureau

Table 4: Household Characteristics

Households headed by single females make up 21% of Clarke Square households, nearly identical to the City rate (22%).

Population Households	Clarke Square		City of Milwaukee	
	Units		Units	
Total:	874		230,807	
Family households:	543		128,717	
Married-couple family	248		63,998	
Other family:	295		64,719	
Male householder, no wife present	111		14,152	
Female householder, no husband present	184		50,567	
Nonfamily households:	331		102,090	
Householder living alone	238		81,507	
Householder not living alone	93		20,583	
Households by Sex	Units	Percent	Units	Percent
Male householder	111	12.7%	14,152	6.1%
Female householder	184	21.1%	50,567	21.9%

Data Source: 2015 American Community Survey Estimates, US Census Bureau

Table 5: Vehicles per Household

Nearly one quarter (24%) of the households in Clarke Square have no vehicle available compared to 18% of households citywide.

	Clarke Square		City of Milwaukee	
	Units	Percent	Units	Percent
Total:	874	100.0%	230,807	100.0%
No vehicle available	210	24.0%	42,786	18.5%
1 vehicle available	303	34.7%	103,319	44.8%
2 vehicles available	312	35.7%	65,208	28.3%
3 vehicles available	14	1.6%	15,016	6.5%
4 or more vehicles available	35	4.0%	4,478	1.9%

Data Source: 2015 American Community Survey Estimates, US Census Bureau

Table 6: Employment Status by Sex

The percentage of people in the labor force in Clarke Square (71%) is slightly lower than in the City (76%).

	Clarke Square					City of Milwaukee				
	Total	In labor force	Not in labor force	UnR*	Not working	Total	In labor force	Not in labor force	UnR*	Not working
Age 20 to 64 years	1,597	71.0%	29.0%	12.3%	41.3%	362,575	75.9%	24.1%	11.1%	35.2%
SEX										
Male	841	80.6%	19.4%	11.4%	30.8%	174,018	77.7%	22.3%	12.0%	34.3%
Female	756	60.3%	39.7%	13.8%	53.5%	188,557	74.3%	25.7%	10.2%	35.9%
With kids under 6 yrs	360	65.0%	35.0%	1.7%	36.7%	65,837	76.0%	24.0%	13.1%	37.1%

Data Source: 2015 American Community Survey Estimates, US Census Bureau

*UnR stands for “Unemployment Rate,” or percentage of the labor force that is unemployed and actively seeking employment.

Not working is the percentage of people who are not in the labor force, combined with those who are unemployed.

Table 7: Employment Sector by Sex

Management, business, science and arts occupations are the positions with the highest earnings, and only 7% of the residents of Clarke Square are employed in that sector, compared to 30% of City residents.

Employed Population by Occupation	Clarke Square					City of Milwaukee				
	Total	Percent Employed	Male	Female	Median earnings	Total	Percent Employed	Male	Female	Median earnings
Civilian employed population 16 years and over:	1,167		68.6%	31.4%	\$18,069	257,610		48.3%	51.7%	\$27,285
