

New Housing Construction and Major Rehabs

2012

2017

Source: Milwaukee Department of Neighborhood Services records of all building permits issued for new construction and substantial rehabilitation (estimated value greater than \$10,000) of properties divided by the total number of residential properties (2012, 2017). Classification Method: For comparison purposes, Manual Intervals (6 classes) based on the geographic distribution of the data at the census block group level. Note: Outliers and Block Groups with null/missing data were removed from the analysis.
