*Foreclosed Property Data Source: City's Master Property File. Total number of City Owned and Bank-Owned Foreclosures for Single-Family/Condos/Duplexes divided by the total number of Single-Family/Condos/Duplexes for each Census Block Group (2012, 2017). Classification Method: For comparison purposes, Manual Intervals (6 classes) based on the geographic distribution of the data at the census block group level. Note: Outliers and Block Groups with null/missing data were removed from the analysis.
